

March 2009

Dear Friends of Christian Education,

We need your help! We are so excited to be starting an Adventist Elementary School in Buffalo, WY. Our little congregation is 45 strong with half of our membership being pre-elementary or elementary age. Not only that but there is NO OTHER Christian elementary school within 65 miles and the community interest is very strong. We have a plan and a team of dedicated members who are willing to pour the energy needed to make this endeavor successful, all we need is the funding. Please help us with your prayers and donations and by forwarding this email to all your contacts. I have attached the information regarding the needs of our school.

Check us out and donate directly from our school website at www.buffalosda.org. All donations are tax deductible.

Please forward this to all your contacts, the more people we reach the greater our chances of attaining our goal!!

THANK YOU FOR YOUR SUPPORT!

Big Horn Christian Elementary School
